# Key Stage 2 Curriculum Map -Term 1 (Autumn 2)

(ABC)

English

This term we will continue to work on phonics and sight-reading skills. Our Theme this half term will focus on food and where it comes from. Our project will be on around food that grows under the ground and on top of the ground and we will learn how to make tasty food choices. We will grow some plants and flowers in the classroom and write about our findings daily.

2+3=5

Maths

In Math, we will continue to work on number concepts, sequencing, and place value. Another focus this term will be on data, where we will have a questionnaire about our favorite food and learn how to represent it graphically. We will develop our sequencing skills using 2D shapes such as circles, rectangles, and squares.

أب ت

Arabic

خلال الجزء الثاني من الفصل الدراسي الأول، سنذهب في رحلة إلى الفضاء نتعرّف خلالها على الرائد هزاع المنصوري، وماهي أدوات الفضاء. كما سنتعرّف على بعض المفاهيم الحيائية من مثل: قليل وكثير، خفيف وثقيل من خلال القيام ببعض الأنشطة المناسبة والممتعة. بالإضافة إلى ذلك سنحتفل مع المدرسة بيوم العلم، واليوم الوطني ويوم العلوم.

📖

Islamic

سنتعلم هذه الفترة الركن الأول من أركان الإيمان: الإيمان بالله ومن خلالها سنتعلم أن الله ربي ورب العالمين وهو خالقنا، أن الله سبحانه وتعالى وهبنا الحواس الخمس وما هو واجبنا تجاه هذه النعم. وسنبدأ في قراءة وترديد سورة الاخلاص .

🌍

Social studies

في الخريف الثاني، سيتعرف الطالب على الأكلات الإماراتية الشعبية، مثل؛ الهريس، اللقيمات، الجباب، وغيرها. ومن خلال التعرف على الاحتفالات الوطنية التي تشهدها الدولة كل عام، سيتعرف الطالب أيضاً على الزبي الإماراتي.

🏆

PE

In PE we will encourage students to take part in constructive play by creating a puppet show where the focus is on waiting, taking turns between students and meaningful team play as well as improving movement co-ordination. **(Cooperative Character Building by Using Our P.E Funny Character-(ZIKO).**

# Key Stage 2 Curriculum Map -Term 1 (Autumn 2)

Science

In Science this half term, we will discover where food comes from. We will grow plants in the classroom and perform experiments to learn what plants need to grow, looking at things like air, light and water. We will take photographs and attempt to make a short movie.

Life skills

In Life Skills we will look at the food we eat and learn how to have the colors of the rainbow on our plates daily when eating our main meal. We will look at the safest and most health way to prepare our favorite foods

Music

Our focus is on looking at the following ideas through music: Fast/Slow

We will celebrate UAE National Day as well as performing together for special events.

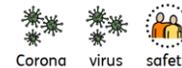

Art

This half term the students will have fun using several types of clay and playdough to make fruits & vegetables basket and wildlife face masks. We will also be drawing and painting things we like to eat. We will also focus on free-hand drawing to practice good hand grip.

Computer safety

In IT this term, we will develop our E-safety skills following the SMART rules. Through our Science and Math food projects and growing plants, we will use stop-animation and stop-motion photography to animate growth of plants. We will develop our understanding of using digital cameras to take photos.

Corona virus safety

We will stay as safe as possible by continuing good practice of washing hands, sanitizing throughout the day, and maintaining distance between other classes.
